What is the ReStore?

Austin Habitat for Humanity opened the nation's first ReStore in 1992 to serve as a sustainable revenue stream for the organization's affordable housing programs. The ReStore is a discount home improvement store and donation center that receives community donations and resells them to the public at reasonable prices.

In addition to benefiting Austin Habitat for Humanity's affordable housing programs, the ReStore increases the community's access to low-cost building materials and home improvement supplies and has diverted more than 23 million pounds of valuable, reuseable materials from the landfill since its inception.

Benefits of Donating to the ReStore

- Free up space in your store or warehouse
- Save on disposal fees by avoiding the landfill
- Receive a tax-write off
- Make a difference in your local community

Lyric's Story

"We had an amazing experience with Link and his team in Austin, TX. [They were] always available and very responsive leading up to the project, as well as during and after... I cannot thank them enough! We're happy that our donated items are going towards a great cause, glad we got to meet such a great team, and we're looking forward to working with them again in the future!"
