Central Texas: **OUR IMPACT 2025**

Austin Habitat for Humanity opens doors to affordable homeownership for Central Texans who keep our community strong, including teachers, nurses, and first responders. Together, we build stability, opportunity, and stronger communities.

Skyler's New Beginning

After years in an unstable rental market, longtime Austinite and University of Texas graduate Skyler Korgel is achieving his dream of homeownership through the Carter Work Project, building his own future in Central Texas.

Investing in the Next Generation

For a single parent, homeownership offers stability and peace of mind. A predictable, affordable payment frees up resources for their children while creating a lasting foundation for generational wealth and educational success.

Join Our Mission

Austin Habitat for Humanity has built 570 homes over the past 40 years, and we're just getting started. Our goal is to build 500 additional homes in the next 7 years, and we need your support to make it happen.

help build the future of
Central Texas.

Carter Work Project: **A DEFINING MOMENT FOR AFFORDABLE HOUSING**

The 2025 Jimmy and Rosalynn Carter Work Project in Austin honored President Carter's legacy with a weeklong build that addressed the urgent need for affordable housing in Eastern Travis County.
